EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Benjamin Urcia on 2/4/05.

The application has been amended as follows:

In The Drawings

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: in Figure 1, there should be an additional output of the comparator 33 connected to the variable resistor 30 (i.e., the comparator 33 should have 2 outputs connected to the variable resistor 30).

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

In The Claims

Claim 4, line 5, "voltage." has been changed to --voltage of the gain amplifier.--.

Reasons For The Above Changes

The change in Figure 1 of the drawings is necessary so that Figure 1 is consistent with the description in the specification.

The change in claim 4 has been made so that claim 4 is clear.

REASONS FOR ALLOWANCE

3. Claims 1 and 3-4 are allowed. The following is an examiner's statement of reasons for allowance:

Claim 1, as amended, is allowed because applicant incorporates the allowable subject matter of claim 2 indicated in the last office action into independent claim 1. Thus, claim 1 is allowed because the prior art of record fails to disclose or suggest a gain amplifier with DC offset cancellation circuit including, in combination with other elements, an active low-pass analogue filter wherein the active analogue filter including a variable resistor, an amplifier, a capacitor pair and a comparator with the recited connections and operations set forth therein.

Claim 3 and 4 are allowed because they depend on claim 1.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Long Nguyen whose telephone number is (571) 272-1753. The Examiner can normally be reached on Monday to Friday from 8:30am to 5:00pm.
